

# **Exhibit 14**

## **UPN/WB/PAX Stations with News Programming**

### **UPN**

100 UPN affiliates were surveyed. Below is the number and percentage of stations that had no news, produced their own news, or had their news produced by another station. Markets where there were television duopolies were excluded.

No news	60	60%
Produced their own	31	31%
Another source	9	9%

### **WB**

38 WB affiliates were surveyed. Below is the number and percentages of stations that had no news, produced their own news, or had their news produced by another station. Markets where there were television duopolies were excluded.

No news	30	79%
Produced their own	4	10.5%
Another source	4	10.5%

### **PAX**

61 PAX affiliates were surveyed. Below is the number and percentages of stations that had no news, produced their own news, or had their news produced by another station. Markets where there were television duopolies were excluded.

No news	41	67%
Produced their own	3	5%
Another source	17	28%

### **Declaration of Kimberly D. Croley**

I, Kimberly D. Croley, hereby declare as follows:

1. I am employed as a Legal Assistant at Shaw Pittman LLP, 2300 N Street, NW, Washington, D.C. 20037. I have worked as a legal assistant at Shaw Pittman for over two years and previously worked for almost four years as a legal assistant at Fisher Wayland Cooper Leader & Zaragoza LLP (which merged into Shaw Pittman). During my employment at Shaw Pittman and Fisher Wayland, I have worked in the communications area and have conducted research on a number of projects.

2. I prepared the exhibit entitled "UPN/WB/PAX Stations with News Programming." This study was conducted by researching the various television stations who air UPN, WB, or PAX programming. Markets where there were television duopolies were excluded. On the websites of the networks, I found lists of their affiliated stations. I then engaged in further research to determine if the stations had a local news segment. This research was done by searching the station's website and/or TVGuide.com or by calling the station. If I determined that a station had local news, I then researched to see whether the station produced their own local news or whether the news was produced by another source. This was done by contacting the station directly. If the station had a local marketing agreement ("LMA") with another station as reflected by the 2002 Television & Cable Factbook, I contacted the station to determine if their local news came from the LMA station, from another source, or whether they produced it. This research was conducted between October 18, 2002 and December 5, 2002.

Executed under penalty of perjury this 31 day of December 2002.

  
Kimberly D. Croley
